## Explanation & Significance:

The ratio of **8 feminine** intentions to **5 masculine** intentions approximates the **Phi ratio** (1.618/1). A **3 minute duration per intention** relates to the '**triple**' action of sound vibrations, fractal imagery, and quartz crystal resonance. This triple-action facilitates healing or '**whole-ing communication**' between **spirit and matter** as well as between **masculine and feminine** energies.

**39 total minutes** combines **3** (see above) with **9** (completion and wholeness).

**3+9=12 - 12** (logic and 'earthly' grounding (i.e. 12 months, mathematics etc.)

**1+2 = 3** (see above)

## Program Intentions:

"*Sovereign Harmony Experience*" uses a unique combination of **coded data** through the **Trinifinity8 algorithmic technology** to elicit an experience of **approaching 'wholeness'** by **releasing oppression** and by **aligning the sacred feminine with the sacred masculine** according to the **Phi ratio in sacred geometry**.

It is designed to **ground individuals and businesses** into their unique **wholeness and truth** and assist in producing **self-sustaining perpetual 'torus' energy** for a true personal experience according to the '**Sovereign Harmony**' philosophy of '**sustainable management of energy**'. It is intended to **enhance the general wellness** of both **business owners and their employees** as well as of **individuals** desiring to **align with their unique personal truth**.
